

## North Dakota's Information Technology Department

is hosting

# BEAD Program Challenge Process Information Sessions

NDIT invites eligible challengers\* (**nonprofit organizations, units of local and tribal governments, and broadband service providers**) to information sessions on the upcoming BEAD Challenge Process. The Challenge Process is an opportunity to contest funding eligibility determinations for specific locations.

### Information sessions will cover:

- Overview of the Challenge process
- Explanation of eligible challenger
- Details on registration process
- Walkthrough of the Challenge portal and submission process

### Eligible Challenger Type

### Information Session Date and Time

Broadband Internet service providers

2:30 pm CT Thursday, February 22<sup>nd</sup>

Tribal Governments

2:00 pm CT Friday, February 23<sup>rd</sup>

Local Governments

11:00 am CT Tuesday, February 27<sup>th</sup>

Nonprofit Organizations

12:00 pm CT Wednesday, February 28<sup>th</sup>

\*While NTIA guidelines state that residents cannot submit challenges directly, they are encouraged to work with local governments and non-profit entities to provide speed test data to support challenges.
