I. Registration and Getting Started

If you do not have an existing NDLogin you MUST set one up prior to logging in to request access to WebGrants. **If you already have a North Dakota login** that works with other ND apps, you do not need to create a new account. Please move to the next section.

Creating an NDLogin ID

- Verify that a North Dakota login account does or does not already exist by attempting to log into the NDLogin app: <u>North Dakota Login Registration Link</u>
 - a. If a login exists, set the recovery phone number and request a verification text to activate the account (The security phone number is not required when setting up an ND Login account, but if not populated you can't log in to WebGrants).
 - b. If no login exists, create your account. Please note, your login and password should not contain dollar signs (\$), dashes (-), ampersands (&), or the @ symbol.
- A member of the NDIT WebGrants Registration team will activate your new (or locked) ND Login ID and you will be notified when you are able to log into WebGrants using the ND Login ID.
- 3. After logging in, you will be prompted to change your password to a secure password of your choice.
- Once your password has been reset, you will be prompted to login again using the newly created password.
 Refer to the North Dakota Login Registration Video for additional instructions.

Funding Opportunity Details

Review the funding opportunity details by scrolling down through the below sections:

- Overview and Timeline
- Confidentiality
 Statement
- NTIA Requirements
- Attachments: Please note, these templates will need to be downloaded, filled in, and uploaded by the applicant. These templates are available to be downloaded in the Funding Opportunities Details page, as well as in the relevant sections for which they are intended.
- Website Links

II. Working on the Application

There are multiple options to begin work on an application. This user guide will address the following:

- Starting a New Application
- Returning to an Existing Application
- Copying a Previous Application

Starting a New BEAD Application

After reviewing the Funding Opportunity Details, select Start New Application to begin your application.

Please note: You will need to Start a New Application for **each project** you are interested in submitting a bid for. This is especially relevant for projects using different technologies (i.e., *Priority Projects*¹ and *Non-Priority Projects*²)

	Name*:	This organization does not qualify as any of the above

Uploads

Many sections will require document uploads in order to be complete. Some may be restricted to specific file types, while others will accept any file type.

-

E Project Cost Breakdown and Capital Investment Schedule			
Per BEAD NOFO, Section IV.D.2.c, applicants must provide a capital investment schedule that demonstrates your organization will complete build-out and initiate service within four years of the projected fund disbursement date. This schedule must be certified by a professional engineer, stating that the proposed network can deliver broadband service that meets the requisite performance requirements to all locations served by the project. The Project Cost Breakdown template will provide cost details associated with their project as well as the Capital Investment Schedule. Download the Project Cost Breakdown template HERE. Once complete, click "Edit Form" and upload below.			
Project Cost Breakdown and Capital Investment Schedule*:	(Note: File type restricted to Excel. Only use the template above to complete this section.)		

Please Note: Applicants are **required to use templates** for sections, where they are provided. The following sections have templates that must be used:

North Dakota BEAD Application	Template Name
Section 3: Project Area and Design	Project Area
Section 5: Project Cost & Match	Project Cost_Capital Investment Schedule
Section 6: Project Timeline	Project Timeline
Section 7.6: Ownership Disclosure	Ownership Disclosures
Section 7.7: Existing Projects Using Public Funding	Publicly Funded Projects
Section 14: Final Submission	Confidentiality Request

Certify Checkboxes

In order to capture the applicant's understanding of, and intention to comply with BEAD requirements, checkboxes are provided after each requirement.

Low-Cost Service Option Characteristics
Per the requirements outlined in Section 2.12.1 of North Dakota's Initial Proposal Vol II, please confirm that the low-cost service option has ALL of the following required characteristics: A. Is inclusive of all taxes, fees, and charges and with no additional non-recurring costs or fees. B. Consistently and reliably provides minimum download speeds of 100 Mbps; C. Consistently and reliably provides minimum upload speeds of 200 Mbps; D. Provides consistent latency measurements of no more than 100 milliseconds; E. Is absent of data caps, surcharges, or usage-based throttling;
I attest that the low-cost statisty all the above federally-required characteristics*:

IV. Submitting the Application

Previewing the Application and Attachments

Before an application can be submitted, each section must be Marked as Complete. To return to the *Application Details* page from a section you are editing, select the **Save Form** button to exit edit mode.

Then locate and select the "App List" tab from the section navigation menu. This will bring you to the *Application Details* page.
